Speaking on the occasion, Mr. Franz von Redwitz, Managing Director, MAN Truck & Bus Middle East FZE, said, "At MAN, it is our endeavor to provide best-in-class solutions for the transport and infrastructure sectors. We have always listened to our clients to understand their changing requirements. Our customer-centric approach reinforces our leadership position as the most preferred and reliable brand in the region. MAN trucks & buses are seen as a reference for strong performance over long duty cycles."

Highlighting what sets the CLA range apart he said, "MAN aims to present customers opportunities to add value to their business by maximising operational effectiveness and minimizing life cycle costs. The CLA range of trucks embodies MAN's design concept 'Rugged, Reliable, Functional'."

"The development of the CLA range focused singularly on incorporating proven and tested MAN technology to deliver superior driving performance combined with excellent comfort and safety. The CLA range is a good example of our ability to develop solutions by listening to our customers. Going forward, we will work towards bringing customized solutions to raise the bar for our customers."

In Oman, MAN's CLA range includes the 16.220 4x2 Chassis, the 20.280 4x2 Chassis and the 26.280 6x4 Chassis (soon to be upgraded to 31.280 6x4 Chassis). The introduction of these commercial vehicles marked MAN Trucks' continued efforts towards meeting the rapidly changing trucking landscapes in the region; setting new benchmarks in cost-effectiveness and ease of handling as well as ease of maintenance.

Integrating proven and tested MAN technology, the MAN CLA trucks deliver the highest demands for reliability and ruggedness combined with low fuel consumption and low operating costs.

Press Release

MAN Truck & Bus

Speaking on the occasion, a spokesperson from Arabian Engineering Services said, “AES has been the distributors in Oman for 36 years. Impressive investments in state-of-the-art facilities, nationwide network of branches, professional and talented staff, innovative marketing practices and strong after-sales support have made MAN the preferred brand in Oman.”

He also added, “Excellent driving dynamics is one of the outstanding features of the MAN CLA trucks. Fuel efficiency, excellent running performance, high dependability, long life time and minimal maintenance effort characterize the vehicle. In addition, the cabin ensures excellent visibility, safety and easy accessibility.

“In overall, the MAN CLA range of trucks is equipped with many functional features like Air Suspended driver’s seat, Roof hatch, Sun protection, Robust Air Intake, Anti-Lock Braking System, Exhaust Valve Brake (EVB) and more.” he added.

The evening evoked positive responses from guests. As one customer remarked, “The CLA range showcases a first-class quality product from MAN which is indeed impressive. Their remarkable offering is sure to make a big impact on the industrial, construction and infrastructure sectors in Oman.”
