

MAN Diesel & Turbo appoints new Chief Sales Officer

Augsburg, 12.10.2015

In its meeting on October 7th the Supervisory Board of MAN Diesel & Turbo has appointed Wayne Jones as new Chief Sales Officer. The 49 year old manager will take on his new role on January 1st 2016 and succeeds Dr. Uwe Lauber, who had fulfilled a double duty as the company's CSO and CEO in 2015.

MAN Diesel & Turbo SE
Stadtachstraße 1
86153 Augsburg

“Wayne Jones has been leading a billion Euro business with great success over many years. He is a sales representative by heart and has been essential to the development of our market leading service brand MAN PrimeServ. By appointing him as Chief Sales Officer the Board further strengthens its focus on service and customer orientation. I have made it my mission to promote customer focus and proximity as core guiding principles at MAN Diesel & Turbo. A lot of progress has been made over the past 12 months and the time is right to pass the sales responsibility into exclusive hands now.”

Working with MAN since 2005, Wayne Jones has been leading the company's Diesel engine After Sales and Service business since 2010. He started his MAN career as head of the UK Aftermarket Business before becoming the country's Managing Director still in the same year. Before joining MAN he has been working at Sulzer Pumps for more than a decade.

Jones, who has been operating from MAN Diesel & Turbo's UK office in Stockport so far, will take up residency in Augsburg going forward: “As new member of the board, I will pick up German lessons, relocate to the company's headquarters in Augsburg and make it my first home base. Being responsible for our international Sales and After Sales Business my second home base will of course be with our global customers.”

A successor to Jones' role at PrimeServ Diesel will be announced shortly.

Über MAN Diesel & Turbo

Die MAN Diesel & Turbo SE mit Sitz in Augsburg ist weltweit führender Anbieter von Großdieselmotoren und Turbomaschinen. MAN Diesel & Turbo beschäftigt rund 14 900 Mitarbeiter an mehr als 100 internationalen Standorten, insbesondere in Deutschland, Dänemark, Frankreich, der Schweiz, der Tschechischen Republik, Indien und in China. Das Produktportfolio umfasst Zwei- und Viertaktmotoren für maritime und stationäre Anwendungen, Turbolader und Propeller sowie Gas- und Dampfturbinen, Kompressoren und chemische Reaktoren. Komplettlösungen wie Schiffsantriebssysteme, Motorenkraftwerke und Turbomaschinensätze für die Öl- und Gas- sowie die Prozessindustrie ergänzen das Liefer- und Leistungsspektrum. Unter der Marke MAN PrimeServ erhalten Kunden weltweite After-Sales-Dienstleistungen.
