

Aid for SOS Children's Villages International on Haiti

Munich, February 12, 2010

MAN donates two trucks worth €100,000

MAN SE is supporting SOS Children's Villages International on Haiti with two trucks worth €100,000. The robust trucks are equipped with a box body and a tailgate, making them ideal for the relief organization's needs.

In donating the vehicles, we hope to provide targeted, non-bureaucratic assistance, thereby helping to quickly rebuild the regions affected by the earthquake," said Dr.-Ing. Georg Pachta-Reyhofen, CEO of MAN SE Group.

MAN Nutzfahrzeuge has been working together with SOS Children's Villages International in a long-term partnership since 2008. In addition to financial assistance, the cooperation includes technical support in the form of machinery and expertise.
